

**Final Report**  
**CLIOHNET2 National Meeting**  
**Hungary, Miskolc, 29th April 2008**

Hungarian Cliohnet2 National Meeting was held on 29 April in Miskolc, organized by University of Miskolc.

22 participants, experts from different historical fields, university students and representatives of scientific institutions were invited to disseminate the concept of Cliohnet2. Besides that, books and booklets published by Cliohnet were presented to the representatives of the universities, archives and museums. Colleagues were interested very much in the project and the work done by the Task Forces of the Programme. The participants decided that they would use the available learning/teaching and reference materials. The changes of the higher education forced by the Bologna process was discussed as well.
